Motivation

Thesis motivation

Highly scalable Finite Element (FE) framework for Large Eddy Simulations (LES) of incompressible turbulent flows

Motivation

Thesis motivation

Highly scalable Finite Element (FE) framework for Large Eddy Simulations (LES) of incompressible turbulent flows

How to get there?

Motivation

Thesis motivation

Highly scalable Finite Element (FE) framework for Large Eddy Simulations (LES) of incompressible turbulent flows

How to get there?

1. **Variational MultiScale** (VMS) methods as LES models.

Motivation

Thesis motivation

Highly scalable Finite Element (FE) framework for Large Eddy Simulations (LES) of incompressible turbulent flows

How to get there?

1. Variational MultiScale (VMS) methods as LES models.
2. Time integration schemes with **velocity-pressure segregation**.

Motivation

Thesis motivation

Highly scalable Finite Element (FE) framework for Large Eddy Simulations (LES) of incompressible turbulent flows

How to get there?

1. Variational MultiScale (VMS) methods as LES models.
2. Time integration schemes with velocity-pressure segregation.
3. Highly scalable algorithms based on **Domain Decomposition (DD)** and **block preconditioners**.

Motivation

Step by step...

- Residual-based VMS as LES models.

Motivation

Step by step...

- Residual-based VMS as LES models.
- Mixed FE formulations LES.

Motivation

Step by step...

- Residual-based VMS as LES models.
- Mixed FE formulations LES.
- High-order FE methods.

Motivation

Step by step...

- Residual-based VMS as LES models.
- Mixed FE formulations LES.
- High-order FE methods.
- High-order time integration schemes.

Motivation

Step by step...

- Residual-based VMS as LES models.
- Mixed FE formulations LES.
- High-order FE methods.
- High-order time integration schemes.
- Adaptive time stepping techniques.

Motivation

Step by step...

- Residual-based VMS as LES models.
- Mixed FE formulations LES.
- High-order FE methods.
- High-order time integration schemes.
- Adaptive time stepping techniques.
- Velocity-pressure segregation.
